

# BLAST SC HIGHLIGHT

## WINTER 2023

### Good Luck to all of our teams in State Cup

The **G2014-Vargas** team has not lost a game since August and remains hot after winning both the Coronado Holiday and Carlsbad Premeire Cups. Frigid field conditions could not cool them down as they started their 2023 SoCal State Cup run on Saturday with two decisive wins over Beach FC 6-1, and the LA Breakers 9-0. Thanks to their speed and relentless pressure, the ball rarely left their opponents' half of the field. What few attackers came their way were quickly swallowed up by their swarming dfense. Several girls scored off crisp team passing and aggressive mindsets, while their three goalies combined to allow just one goal on the day. This Saturday, they take on SoCal Elite SC for first palce in the bracket. Stay hot, Blast!

### G2013-Forero/Schmidt

Won Game 1 of their 2023 State Cup

### B2013-DeSantis/Baumgaertel

Had their first match as the combined 2013s and played a great match. After a mental breakdown in the first 30 seconds, they wer able to come back and fight hard. They hit the post at least 4 times and eventually sank one in off a corner. They came away with a 1-1 draw.
